## THE COMPLETE LOGISTICS SOLUTION

### **Sameday**

There is no more secure method of transporting your goods than using one of our same day delivery vehicles. From collection to delivery, your goods will be cared for by one of our fully trained couriers.

### **Overnight Parcels**

Courier logistics Ltd are a shareholder in the APC network, this clever partnership allows us to use the network as a vehicle to offer an excellent overnight parcel delivery solution.

### **International**

We offer a broad range of worldwide freight service options including European Road Freight, International Sea Freight and International Air Freight.

### **Storage**

We offer an exciting range of virtual warehousing and fulfillment services, perfect for small/start up businesses and Internet traders. Rates start from as little as £1.00 per pallet per week

### **Overnight Pallets**

We are a shareholder member of the Pallet-Track network which was founded in 2002, commencing full national operations in early 2004, going on to be the sole pallet network nominated for the prestigious title of network of the year in 2007.

### **Pick 'n' Pack**

No premises costs – you SAVE on capital outlay or rent  
No staff costs – no need for forklift operators and admin  
No storage computer system costs – you'll SAVE on capital outlay or lease
